The video podcasts are free, but students will need a password to download the lessons. DVD copies of these videos are still available in the campus libraries for checkout, many of these videos are linked from your Blackboard courses as streaming videos.

To download NW-SCC video podcasts, you will need the Apple iTunes 7 software available free from the Apple website. To download the iTunes software, type the address below into your web browser. After the website loads, click on the “Download iTunes – Free” button.

Apple iTunes Download Link

<http://www.apple.com/itunes/download/>

After you have downloaded the Apple iTunes software, type the following address below into your web browser. After this site loads, you can click on the name of your course to open the podcast feed in iTunes. After the iTunes site loads, you may choose to subscribe to the podcast which will automatically download all lessons for the course or download lessons individually as needed. **Your Username will be your first initial + last initial + student number (example: jd12345), and your Password will be your student number.**
