

WebCT User Group Sessions

Date of Session: November 9, 2006

Where: Bldg. 112, Room 113 (Shoals Campus)

Facilitated by:

Brad Thompson,
NW-SCC Math Faculty Member

Attendees: April Cookson, Kim Ricketts, & Teresa Roberson

TOPICS COVERED

- Advantages of using Respondus with WebCT
- Creating a New Exam using Respondus
- Updating an Exam Created in WebCT using Respondus
- Experimenting with Gradebook Formulas

WEBCT TIPS

- Saving PowerPoints as Web Page rather than as Single Web Page will result in more consistent results across different browser settings and monitor resolutions.
- Using Respondus, you can “batch” publish quizzes and exams to multiple course sections at the same time.

Advantages of using Respondus with WebCT

- Allows you to import files from Word
- You have a backup of your quiz files stored on your computer
- Ease of use

Creating an Exam Using Respondus

- Review the Respondus how-to videos on the Faculty Help Center website for additional information on creating and editing exams using Respondus.
